Re: Letter of Reference – Brian’s Little Electric Inc.

To Whom It May Concern:

I am writing to highly recommend Brian’s Little Electric Inc. (“Brian’s Little”) as an Electrical Contractor. Corebuild recently finished the Temiskaming Lodge LTC project, and their performance was consistently outstanding.

Brian’s Little consistently demonstrated exceptional skills in project management, supervision, problem-solving, and communication. They were always punctual, reliable, and maintained a high standard of quality in all their work.

One of the most impressive aspects of Brian’s Little work was their ability to effectively coordinate with various stakeholders, including sub-subcontractors, and suppliers. The project team handled challenges with professionalism and always found innovative solutions to any issues.

I have no hesitation in recommending Brian’s Little for any future projects. They would be an asset to any project, and I am confident that they will continue to deliver exceptional results.

Please feel free to contact me if you require any further information.

Sincerely,

COREBUILD CONSTRUCTION LTD.
